

ST. LOUIS ADMIRALS RC Model Boat Club

23rd Annual Regatta Boat House in Forest Park - St. Louis, MO October 1-2, 2011

The St. Louis Admirals are proud to announce their 23rd Annual Regatta at the Boat House in Forest Park, St Louis, MO. This event is open to the public and anyone interested in model boating at no charge. The only cost is to register a boat for display and for competition at the show. As usual, we are inviting electric and sail (sorry, no gas powered or live steam boats) to join in the fun. Trophies described below will be awarded. **Each boat must qualify as a fully operational R/C Model as determined by club officials.**

The Regatta is being sponsored by the Boat House at Forest Park. We are most grateful!

Please be sure your correct frequency is marked on your transmitter and that you have attached a nametag with phone number. There will be no transmitter impound this year. A frequency board for 75MHz will be provided. A captain must determine if their frequency is in use. If not, he will mark that channel as being used. Twenty minutes is the time limit for any available channel. Upon completion of sailing, he will remove his marker, thus making that channel available for the next captain. **Boat captains will be responsible for protecting their own transmitters.** Boats that won 1st place in their class, Best of Show or Skippers Choice last year cannot be judged this year. The awards are for amateur builders, not professional builders. All such decisions will be made by Club Officials.

Registration starts at 0900 hours (9:00 a.m.) until noon Saturday, October 1. The fun will begin at 10:00 a.m., last all day and evening until 2100 hours (9:00 p.m.) on Saturday. On Sunday, October 2, we start at 0900 hours (9:00a.m.) until 1300 hours (1:00 p.m.). Awards will be presented at 1:00 p.m. on Sunday.

PERSONS IN CHARGE OF REGATTA
